Welcome

On behalf of the Professional Golf Staff, we are extremely excited about the upcoming 2024 Season and look forward to seeing everyone soon!

Please take a moment to review the 2024 Men's, Ladies', and Mixed Tournament booklet. This booklet is filled with important information regarding golf here at Nissequogue. I encourage any member with questions to contact the golf shop to speak to a member of the Professional Staff. All of us at Nissequogue Golf Club would like to extend a warm welcome and thank you in advance for your participation. We hope that this 2024 Season is one that blesses all our Nissequogue family!

Handicap Information

Each individual is responsible for posting his score online or on the handicap computer for any round of golf played. We strongly suggest using the MyMGA App to post your score.

When posting scores, first follow the NET Double Bogey for Maximum Hole Score. Scores from other golf courses are also to be posted.

Maximum Hole Score for Handicap Purposes

The purpose of **MHS** is to eliminate unrealistic high hole scores. It sets a maximum score that a player can post on any hole, depending on the player's course handicap. For handicap purposes, you are required to adjust your score on a hole when it is higher than your maximum number you can post. There is no limit to the number of holes on which you can adjust your score. The maximum score for each hole played is limited to a net double bogey, calculated as follows:

Example: Player receives one stroke

Pace of Play

What is the NGC expected pace of play?

The expected pace of play is TWO hours or less for 9-holes and FOUR hours or less for 18-holes, no exceptions. If your group falls behind, please see below for a few ways to improve pace of play or allow the group behind to play through.

Main causes of slow play:

1. Not being ready when it is your turn.
 - a. Do not sit in the cart to wait your turn if your ball is nearby. While your cart companion is playing their shot you should determine yardage and club selection. When they are done playing, walk to your ball and play without delay.
 - b. Be ready on the green when it is your turn. Line up your putt while others are playing.
2. Park golf cart in an appropriate spot on the cart path next to the green on the way to the next tee. Keep score on the following tee box.
3. Not knowing the rules and etiquette
 - a. Not hitting provisional balls.
 - b. Exceeding the three-minute ball search rule.
 - c. Not keeping an eye on each other's golf ball.

Ways to speed up pace of play:

1. Hit when ready.
2. Keep your pre-shot routine short.
3. Keep up with the group in front of you. Your correct position on the course is immediately behind the group in front of you, not immediately in front of the group behind you.

Tournament Schedules

We encourage everyone here at our wonderful club to participate in our robust tournament program. Our tournaments are an incredible way to get to know your fellow Nissequogue family members, test your skills, and support your club!

We use **Golf Genius Tournament Software**, which makes it very easy to sign up online for all the following events. ***You can access Golf Genius through your member portal and you can also keep an eye on your email for sign-up links for each event.*** If you have any questions, please don't hesitate to reach out to your Professional Golf Staff. You will find a more detailed description of many of the following events on Golf Genius.
